

## Table of Contents

<b>EXECUTIVE SUMMARY .....</b>	vii
<b>1 — CONGESTION MANAGEMENT AGENCY</b>	
Composition of the CMA .....	2
Voting .....	2
Functions and Responsibilities .....	2
<b>2 — DESIGNATED ROADWAY SYSTEM</b>	
Relationship to Regional Transportation Plan .....	6
Designated CMP System .....	6
<b>3 — LEVEL-OF-SERVICE STANDARDS</b>	
LOS Standards .....	24
Traffic Monitoring Program .....	26
Comparison with Previous Results .....	32
Compliance and Conformance .....	32
Local Government Responsibilities .....	33
<b>4 — PERFORMANCE ELEMENT</b>	
Relationship to the Countywide Transportation Plan .....	40
Performance Measures .....	40
Details on Transit Service Performance Measures .....	47
Local Government and Transit Agency Responsibilities .....	49
Compliance and Conformance .....	50
<b>5 — TRAVEL-DEMAND MANAGEMENT ELEMENT</b>	
Alternative Transportation Methods .....	51
Integrating TDM and Congestion Management .....	52

## TABLE OF CONTENTS

Alameda County TDM Program .....	53
Funding of Trip-Reduction Programs .....	58
Financial Incentive Program .....	59
Dynamic Ridesharing.....	60
Congestion Pricing Strategies .....	61
Compliance/Conformance .....	61
Local Government Responsibilities .....	62

## 6 — LAND-USE ANALYSIS PROGRAM

What's Included in the Land-Use Analysis .....	63
Projects Subject to Review .....	64
Development Review Process .....	66
Responsibility for Modeling .....	69
Areawide Traffic Impact Mitigation Fees .....	71
Corridor/Area Management Transportation Planning Process .....	72
Transit-Oriented Development .....	73
Regional Agencies' Smart Growth Strategy .....	73
Relationship to California Environmental Quality Act .....	76
Relationship to Transit .....	77
Relationship to SB 375 .....	79
Compliance and Conformance .....	83
Local Government Responsibilities .....	83

## 7 — CAPITAL IMPROVEMENT PROGRAM

Regional Transportation Plan .....	85
Principles for Investing STP and CMAQ Funds .....	86
Programming Structure for STP and CMAQ .....	86
Proposition 1B .....	87
The American Recovery and Reinvestment Act of 2009 .....	88
Senate Bill 45 and Project Delivery .....	88
A Diversified Strategy .....	91
Components of the Capital Improvement Program .....	92
Funding of the Capital Improvement Program .....	93
Capital Improvement Program .....	93

Updating the Capital Improvement Program .....	93
--	----

## **8 — CONFORMANCE, MONITORING AND DEFICIENCY PLANS**

Conformance .....	103
Monitoring .....	104
Deficiency Plans .....	107
Consistency with Regional Transportation Plan .....	114

## **9 — DATABASE AND TRAVEL MODEL**

Features of the Updated Countywide Model .....	115
Land Use Database Development .....	116
Model Development .....	116
Planning Areas .....	117
Traffic Analysis Zone System .....	118
Transportation System Network .....	118
Model Results .....	119
Model Adequacy .....	119

## **10 — CONCLUSIONS AND IMPLEMENTATION ISSUES**

Conclusions .....	121
Implementation Issues .....	124
Moving Forward: Implementation of SB 375 .....	127

## **TABLES**

1 — Alameda County Congestion Management Agency Voting Structure .....	4
2 — Schedule for CMP-Designated System .....	9
3 — CMP-Designated System, Route List .....	10
4 — Approach to LOS .....	25
5 — Relationship between Average Travel Speed and LOS .....	29
6 — LOS “F” Freeway Segments for CMP-Designated Roadway System .....	33
7 — LOS “F” Arterial Segments for CMP-Designated Roadway System .....	35
8 — Level-of-Service Trends on the CMP-Designated System (P.M. Peak Period) .....	36

## TABLE OF CONTENTS

9 — Performance Measures .....	44
10 — Performance Measures for Frequency of Transit Service .....	48
11 — Alameda County Travel-Demand Management Program .....	55
12 — Land-Use Analysis Program Tier I Requirements .....	67
13 — Priority Development Areas by County .....	74
14 — CMA Priorities for Climate Action Measures .....	82
15 — Proposition 1B Program .....	87
16 — Projects Recommended for Funding in the 2010 STIP.....	95
17 — 2009 Capital Improvement Program .....	96
18 —Conformance and Monitoring.....	106
19 —Deficiency Plan Required for Specific Roadway Segments .....	111
20 — Summary of MTC's Regional Consistency Requirements for CMPs .....	123

## FIGURES

1 — Designated Countywide System Map .....	16
2 — Designated System Map for Alameda, Albany, Berkeley, Emeryville, Oakland and Piedmont .....	17
3 — Designated System Map for Castro Valley, Hayward, San Leandro and San Lorenzo.....	18
4 — Designated System Map for Fremont, Newark and Union City .....	19
5 — Designated System Map for Dublin, Livermore and Pleasanton .....	20
6 —Metropolitan Transportation System, Transit Corridors of Alameda County .....	21
7 — Metropolitan Transportation System, Transit Corridors of Northern Alameda County Detail .....	22
8 — Level-of Service “F” Roadway Segments .....	37
9 — How Performance Measures are used in the CMP.....	41
10 — TDM Strategy for Congestion Management .....	57
11 — Assessing the Impacts of Local Land Development Decisions on the Transportation System .....	70
12 — CMA Process for Selecting Projects for State and Federal Funding .....	94
13 — Multi-jurisdictional Deficiency Plan Appeal Process .....	113

**APPENDICES**

A — Congestion Management Program Legislation .....	A-1
B — CMA Committees, Appeal Process and Administration .....	B-1
C — Levels-of-Service .....	C-1
D — Travel-Demand Management Checklist .....	D-1
E — Federal and State Transportation Control Measures .....	E-1
F — Project Delivery and Timely Use of Funds Policy .....	F-1
G — Technical and Policy Guidelines .....	G-1
H— Sample Response for GPA or NOP .....	H-1
I— Glossary of Terms .....	I-1
J— Glossary of Acronyms.....	J-1
